

Contents of issue 3 vol. LVI

- 187 N. M. AUCIELLO, *Vibrations of Timoshenko beams on two-parameter elastic soil*
- 201 D. JASIŃSKA, M. JANUS-MICHALSKA, *Material design of anisotropic elastic cellular bodies with respect to contact problem*
- 227 G. SOCHA, *Changes of the yield condition due to accumulation of damage of metal alloys*
- 247 J. KONIECZNY, *Modelling of the electrohydraulic full active vehicle suspension*
- 269 W. BURZYŃSKI, *Theoretical foundations of the hypotheses of material effort*
